

ANNE OJOCHAI OKOLO

UI/UX Designer

[Portfolio](#)

Creative and data-driven UI/UX Designer with 3+ years of experience designing accessible, user-centric digital products across edtech, healthcare, and startup industries. Proven track record of increasing user engagement by up to 40% through intuitive interfaces, rapid prototyping, responsive design principles and iterative testing. Adept at translating complex problems into simple and elegant design solutions

DESIGN WORK EXPERIENCE

UI/UX Designer — Society for Family Health (Epharma4FP)

Remote | March 2025– April 2025

- Led the end-to-end redesign of a mobile health app and landing page, increasing navigation efficiency by 45% and reducing bounce rate.
- Delivered detailed UX audit reports that guided key strategic improvements and informed future design decisions.
- Created interactive Figma prototypes, cutting developer rework by 30% and accelerating handoff.
- Completed all deliverables ahead of schedule in a fully remote setup, demonstrating strong time management and communication skills.

UI Designer — MIVA University (EdTech)

Remote | February 2025 – April 2025

- Rebuilt LMS UI, resulting in a 30% increase in student course completion rates through simplified user flows.
- Developed scalable design systems used in 50+ digital assets, reducing design inconsistencies by 90%.
- Partnered with educators and QA teams to cut revision rounds by 40%, accelerating content deployment.
- Applied user-centered design principles to enhance learner engagement and retention.

SKILLS & TOOLS

Design Tools: Figma, Adobe XD, Sketch, Framer, Illustrator, Photoshop

UX Research: User interviews, A/B testing, journey mapping

Design Systems: Atomic Design, WCAG 2.1 compliance, mobile-first design

Soft Skills: Cross-functional collaboration, stakeholder management, rapid iteration, time management

PROJECTS

- [Personal Branding Website for Startup Founder](#)
- [Handyman](#)

EDUCATION

- Bsc International Law and Diplomacy

CERTIFICATION

- Certificate of completion User Interface and User Experience Design (UI/UX) (2022) E86

UI/UX Designer — Handyman Nigeria (Service Marketplace)

Remote | July 2024 – August 2024

- Conducted usability testing and reorganized content architecture, reducing user drop-off by 35%.
- Designed intuitive, mobile-first interfaces that improved user satisfaction.

Product Designer – Wigwe University Nigeria

Remote | January 2024 – October 2024

- Created brand-compliant digital and print designs used in 6+ major campaigns, contributing to a 60% rise in admissions inquiries.
- Designed engaging handbooks and social media content, streamlining internal communication and boosting outreach.
- Led visual design across platforms, maintaining consistent branding across all materials.

UI/UX Designer — FundusAI (Healthcare/AI)

Remote | April 2024 – June 2024

- Designed AI-powered healthcare interfaces, reducing diagnostic task time by 25% and improving patient flow clarity.
- Conducted end-to-end UX research (interviews, usability tests), leading to 3 major feature pivots based on real feedback.
- Ensured HIPAA compliance and WCAG 2.1 accessibility across mobile and web platforms.
- Increased patient engagement by 38% through responsive design and personalized user journeys.

UX Designer – Ubloom (Ecommerce)

Remote | January 2023 – April 2024

- Conducted user research and usability testing to uncover key pain points and inform data-driven design decisions.
- Designed intuitive, visually engaging interfaces that enhanced user satisfaction and streamlined interactions across platforms.

UX Designer, Leesha – Oct 2022

- Led user research and usability testing, improving user satisfaction by 30% and reducing drop-off by 25%.
- Spearheaded end-to-end design, increasing conversion rates.
